

**Back in 2025**  
with an interesting scientific Update

**Save the Date:**

- Scientific Updates
- Re-Live Techniques
- Interactive Case Discussions
- One-to-One-Cadaver Workshops
- International Faculty
- Meet the Experts

**Including**

8 arthroscopic- and  
endoprothetic  
Live-Surgeries

# REFIXation update 2025

**XVII. Shoulder Surgery Course**

**13. – 15.02.2025**

**Course Chairmen:** J. Steinbeck, K.-A. Witt, M. Holschen

**Scientific Organisation:** Y. Ameziane, M. Holschen, T. Vogelsang

**Raphaelsklinik**  
Eine Einrichtung der Alleanza  
und der Clemensschwestern

## Dear colleagues and friends,

after an extended break due to the COVID 19 pandemic we are very happy to invite you to the XVIIth Shoulder Surgery Course in Münster, Germany.

Once again 8 different arthroscopic and endoprosthetic live surgeries performed by national and international shoulder experts will be surrounded by scientific updates and re-live techniques. Further 4 Slots of arthroscopic and endoprosthetic one-to-one cadaver lab working stations will be available for the attendees to transfer the acquired theoretical knowledge into a hands-on practical setting. This year's course will begin with lectures on shoulder instability and rotator cuff issues. On Friday, we'll feature 8 live surgeries by renowned national and international surgeons, who will address conditions such as instability, rotator cuff tears, shoulder osteoarthritis, and arthropathies.

Saturday's program will focus on shoulder arthroplasty, with presentations that highlight relevant updates. Esteemed national and international speakers and instructors will join us once again to address current topics and share essential scientific insights.

In our workshops, you'll gain hands-on experience and learn valuable tips and techniques from our instructors. The course is designed in alignment with the educational standards- and is therefore certified by SECEC, DVSE, AGA, and the Westphalia-Lippe Medical Association.

We warmly invite you to join us in Münster for the XVIIth Shoulder Surgery Course: Refixation Update in 2025. We look forward to an inspiring exchange of knowledge and experiences in shoulder surgery.

Best regards

Prof. Dr. med.  
Jörn Steinbeck

Dr. med.  
Kai-Axel Witt

Dr. med.  
Malte Holschen

# XVII. Shoulder Surgery Course from 13. –

## Thursday, February 13th 2025

### 13.00 – 14.30 **I - Instability**

Chairman: J. Steinbeck / B. Parsons

#### 13.00 – 13.06 **Primary Instability - Immobilization vs Surgery ?**

B. Marquardt

#### 13.06 – 13.12 **My algorithm for anterior shoulder instability - arthroscopic bankart to open Latarjet**

S. Braun

#### 13.12 – 13.18 **Re-Live: Primary instability**

B. El Zayat

#### 13.18 – 13.24 **Revision shoulder instability – Do we always need bony augmentation?**

E. Lederman

#### 13.24 – 13.30 **Re Live: Open Latarjet**

A. Schneeberger

#### 13.30 – 13.36 **Re-Live: Arthroscopic Latarjet**

J. Agneskircher

#### 13.36 – 13.42 **Re-Live: Free anterior Bone Block**

M. Holschen

#### 13.42 – 13.48 **Posterior Instability – Seldom recognized?**

L. Neyton

#### 13.48 – 13.54 **Re-Live: Posterior Instability**

A. Hachem

#### 13:54 – 14:00 **Return to sports after Instability Surgery**

M. Ritsch

#### 14.00 – 14:30 **Case related panel discussion – initiated by the moderators**

#### 14.30 – 15:00 **Break**

### 15.00 – 16.30 **II - Rotator Cuff**

Chairman: S. Braun / M. Holschen

#### 15:00 – 15.06 **Intra- vs Extraarticular lesions?**

J. Kircher

#### 15:06 – 15.12 **Single Row – there is still a place!?**

W. Pöttl

#### 15.12 – 15.18 **Double Row – wins the game!?**

S. Siebenlist

#### 15.18 – 15:24 **Biologic Augmentation in Rotator Cuff Surgery**

B. Parsons

#### 15:24 – 15.30 **Re-Live: Double Row Repair and biologic Augmentation**

E. Lederman

#### 15:30 – 15.36 **Hidden Subscapularis Lesions**

L. Neyton

#### 15.36 – 15:42 **Re-Live: Subscapularis Repair**

J. Agneskirchner

#### 15.42 – 15.48 **Massive Cuff: What are our options?**

S. Lichtenberg

#### 15.48 – 15.54 **Re-Live: Massive Cuff Tear: Partial Repair +/- Ballon**

Y. Ameziane

#### 15.54 – 16.00 **SCR – a viable Option?**

A. Hachem

#### 16.00 – 16:30 **Case related panel discussion – initiated by the moderator**

#### 16.30 – 17:00 **Break**

### Register now!

# 15.02.2025, Muenster

- 17.00 – 18.30 **III - Sportstrauma**  
Chairman: K.-A. Witt / S. Siebenlist
- 17.00 – 17.06 **Acute ACJ Instability – Go or No?**  
B. Schliemann
- 17.06 – 17.12 **Acute ACJ Instability – Results**  
M. Schär
- 17.12 – 17.18 **Chronic ACJ Instability – double duration - half result?**  
S. Siebenlist
- 17.18 – 17.24 **Re-Live: ACJ Reconstruction**  
M. Holschen
- 17.24 – 17.30 **Distal Clavicle Fractures**  
T. Leschinger
- 17.30 – 17.36 **Slap Lesions: Repair vs Tenodesis**  
K.-A. Witt
- 17.36 – 17.42 **Sub- vs Suprapectoral vs Release**  
B. Parsons
- 17.42 – 17.48 **Pulley Lesion**  
A. Werner
- 17.48 – 17.54 **Thrower's shoulder**  
E. Lederman
- 17.54 – 18.00 **Re-Live: Glenoid Fracture**  
A. Wafaisade
- 18.00 – 18.30 **Case related panel discussion – initiated by the moderators**
- 19.00 **Dinner**  
Pasta e Basta al Porto, Muenster

**Friday,** February 14th 2025

## 8 Live Surgeries on this day

- 08.00 – 09.30 **Live OP I - Cuff**  
Moderation: E. Lederman / J. Kircher
- 08.00 – 09.30 **Rotator Cuff Repair +/- Biologic Augmentation**  
B. Parsons
- Massive Rotator Cuff + /- InSpace Ballon**  
J. Agneskirchner
- 09.30 – 10.00 **Break**
- 10.00 – 11.30 **Live OP II - Instability**  
Moderation: S. Braun/ D. Akgün
- 10.00 – 11.30 **Arthroscopic Bankart + Remplissage**  
K.-A. Witt
- Arthroscopic Anterior Bone Block**  
A. Hachem
- 11.30 – 12.30 **Lunch Workshop**
- 12.30 – 14.30 **Live OP III - Arthroplasty II**  
Moderation: P. Habermeyer/ L. Seebauer
- 12.30 – 14.30 **RTSA – Cuff Tear Arthropathy**  
E. Lederman
- RTSA for Glenoid Deformity**  
L. Neyton
- 14.30 – 15.00 **Break**
- 15.00 – 17.00 **Live OP IV - Arthroplasty II**  
Moderation: F. Moro/ U. Brunner
- 15.00 – 17.00 **RTSA – Proximal Humerus Fracture**  
J. Steinbeck
- Humeral Reconstruction Prosthesis**  
J. Steinbeck
- 19.30 **Faculty Dinner**

# Saturday, February 15th 2025

- 09.00 – 11.00 **Arthroplasty Degenerative**  
Chairman: S. Lichtenberg / A. Schneeberger
- 09.00 – 09.06 **ATSA – Is there still a need?**  
P. Habermeyer
- 09.06 – 09.12 **ATSA - Glenoid – do we get any better?**  
S. Siebenlist
- 09.12 – 09.18 **Glenoid deformity – ATSA vs. RTSA**  
S. Lichtenberg
- 09.18 – 09.24 **Expanding indications for RTSA?**  
L. Seebauer
- 09.24 – 09.30 **Long vs short vs stemless – Where do we stand in RTSA?**  
B. Parsons
- 09.30 – 09.36 **What is the ideal lateral offset in RTSA?**  
F. Moro
- 09.36 – 09.42 **What is the ideal humeral inclination in RTSA?**  
B. Parsons
- 09.42 – 09.48 **Is there still a need for tendon transfers in RTSA?**  
T. Smith
- 09.48 – 09.54 **Outcome prediction after RTSA – What have we missed?**  
E. Lederman
- 09.54 – 10.00 **PSI / augmented Reality → Is there always a need for preoperative 3D planning?**  
D. Akgün
- 10.00 – 11.00 **Case related panel discussion – initiated by the moderator**
- 11.00 – 11.30 **Break**

## Certification:

The event is certified by the AGA and the DVSE. Certification by the Westphalia-Lippe Medical Association has been applied for. Further details can be found on our website: [www.refixation.de](http://www.refixation.de)

- 11.30 – 13.30 **Arthroplasty Advanced**  
Chairman: J. Steinbeck / L. Seebauer
- 11.30 – 11.36 **Proximal humerus fractures – Plate - Nail - RTSA?**  
F. Moro
- 11.36 – 11.42 **Fracture sequelae = RTSA?!**  
M. Holschen
- 11.42 – 11.48 **Glenoid defect – Revision cases – My Procedure**  
E. Lederman
- 11.48 – 11:54 **Humeral defect – Revision cases – My Procedure**  
B. Parsons
- 11.54 – 12.00 **Anterior shoulder pain after RTSA**  
B. Parsons
- 12.00 – 12.06 **Instability in RTSA – Riskfactors and Options**  
K.-A. Witt
- 12.06 – 12.12 **The infected shoulder implant – What are the options?**  
D. Akgün
- 12.12 – 12.18 **Acromial/Scapular Fractures after RTSA**  
L. Seebauer
- 12.18 – 12.24 **Periprosthetic fractures – Options and Results?**  
J. Steinbeck
- 12.24 – 12.30 **What comes after RTSA?**  
U. Brunner
- 12.30 – 13.30 **Case related panel discussion – initiated by the moderators**

# Hands-On workshops in the MobileLab

Directly in front of the Mövenpick Hotel, MobileLabs will be available where you can apply the techniques you've learned on cadaveric specimens in small groups of no more than two participants. You will be guided by experienced surgeons from our faculty, allowing you to receive not only clear instruction and firsthand tips but also to ask specific questions.

**When registering, you can select your topics of interest and book them.**

You won't miss anything during your hands-on session in the MobileLab, as all lectures will be broadcast live from the lecture hall into the MobileLabs.

A participation fee of €250 will be charged per session.

## Hands On workshop Sessions:

### Thursday

**Arthroscopic Basics (Subacromial Procedures) and advanced Procedures (Rotator Cuff Repair; Biceps Tenodesis; Bankart Repair)**

**Mobile Lab 1 & 2**  
14:00 – 16.00 Uhr

**Shoulder Arthroplasty (Anatomic; Reverse)**

**Mobile Lab 1 & 2**  
16:00 – 18.00 Uhr

### Friday

**Arthroscopic Basics (Subacromial Procedures) and advanced Procedures (Rotator Cuff Repair; Biceps Tenodesis; Bankart Repair)**

**Mobile Lab 1 & 2 – 08:00 – 10.00 Uhr**  
**Mobile Lab 1 & 2 – 14:00 – 16.00 Uhr**

**Shoulder Arthroplasty (Anatomic; Reverse)**

**Mobile Lab 1 & 2 – 10:00 – 12.00 Uhr**  
**Mobile Lab 1 & 2 – 16:00 – 18.00 Uhr**

### Saturday

**Arthroscopic Basics (Subacromial Procedures) and advanced Procedures (Rotator Cuff Repair; Biceps Tenodesis; Bankart Repair)**

**Mobile Lab 1 & 2**  
09:00 – 11.00 Uhr

**Shoulder Arthroplasty (Anatomic; Reverse)**

**Mobile Lab 1 & 2**  
11:00 – 13.00 Uhr

#### Hands-On Sessions in the MobileLab

Book instructive workshops on the preparation, led by experienced instructors.
